

Requesting an Education, Health and Care (EHC) Needs Assessment

Where, despite the school having taken relevant and purposeful action to identify, assess and meet the SEN of the child or young person, the child or young person has not made expected progress, the school or parents should consider requesting an Education, Health and Care needs assessment.

An EHCP can be requested by parent, young person, teacher or anyone else concerned about the child's SEN

When your initial request has been received, think about what help you might need with this, for example from an independent supporter who can help you through the process. Your LA will ask you about this. Independent Supporters can be supplied by a local non-profit organisation or by the IASS Network, depending on the area you are in. The IS can help to coordinate the process and/or provide help and support to your family while the process is underway. You can decide the kind of help, if any, that you think you will need

A full diagram of the process can be found in the Code of Practice p154.

Contact your local authority's SEN department and ask to start the SEN Statutory Assessment process.

You then have six weeks during which time the Local Authority should seek to gather school reports, old IEPs/ documentation from the Assess/Plan/Do/Review process, any other speech & language/educational psychology/ OT or other reports.
Parents may wish, if they are able, to gather together all the reports and information that related to their child's SEND themselves as well to ensure everything is considered by the LA. This will also assist as a timeline reminder

You then need to write your child's story including any relevant information from the gathered reports. If you have an Independent Supporter, they will be able to assist you with all of these steps. Include how your child's difficulties impact upon your whole family and what support your child already has that really helps. Remember to think about their strengths as well! Make sure you number the reports and include them in your application (only ever send copies). Any medical and social care needs should be included.

The local authority decides whether or not to conduct an assessment of SEND.

If an assessment is agreed, move to part 3 "conducting an assessment"

If the response is no, the LA should advise you of other options short of statutory assessment that can support your child from the Local Offer on the Assess, Plan, Do, Review process. Your LA should never just say 'No' without looking at what provision can better help your child from the Local Offer

If you are not satisfied with this decision or any other help sourced from the Local Offer help you can seek mediation and/or appeal to the SEND Tribunal

Move to part 4, Disagreements"
